

Student evaluations of courses, faculty, and facilities are helpful to the faculty, administration and students in ensuring the quality of the courses and programs as they relate to the goals of the University.

Student responses will remain anonymous. Your name does not appear on the form. Responses will be made available to faculty.

For each point please circle the number that most closely reflects how the course and the instructor's input contributed to learning experience. If a question is not applicable to the course, circle NA. Thank you for your participation.

Instructor Name: Morgan Rauscher Course Name: 42 Creative Electronics for Beginners
 Course Number: Creative electronics CEID 222 S001 Semester: Spring Summer
 6:30 - 9:30 Jan 20 - Mar 24
 Room WIP lab (190B)
 Morgan Rauscher

COURSE EVALUATION

	5	4	3	2	1	
1. The course content was consistent with the course outline.	5	4	3	2	1	
2. The course was well organized.	5	4	3	2	1	na
3. The practical and theoretical components were well integrated.	5	4	3	2	1	na
4. The material and discussions were relevant to the course objectives/ learning outcomes.	5	4	3	2	1	na
5. The bases for assessment in the course were clearly described.	5	4	3	2	1	na
6. Sufficient time was allocated to understand the concepts and complete the assignments and/or projects.	5	4	3	2	1	na
7. The workload was manageable.	5	4	3	2	1	na
8. The concepts covered were challenging.	5	4	3	2	1	na
9. The course stimulated my interest in the subject area.	5	4	3	2	1	na
10. I can see ways that content learned in this course will be useful for me.	5	4	3	2	1	na
11. Availability and helpfulness of the support staff in the studios, workshops or labs supported my learning in this course.	5	4	3	2	1	na

FACULTY EVALUATION

	5	4	3	2	1	NA
1. The Instructor stimulated my interests in the course topics.	5	4	3	2	1	na
2. The Instructor promoted an atmosphere that helped me to learn.	5	4	3	2	1	na
3. The Instructor encouraged class participation.	5	4	3	2	1	na
4. The Instructor used class time effectively.	5	4	3	2	1	na
5. The Instructor demonstrated knowledge of the subject area(s).	5	4	3	2	1	na
6. The Instructor used a variety of instructional approaches where appropriate.	5	4	3	2	1	na
7. The Instructor gave fair evaluations/feedback (oral and/or written).	5	4	3	2	1	na
8. The Instructor presented the course material clearly.	5	4	3	2	1	na
9. The Instructor was available to give me individual help with the course.	5	4	3	2	1	na

Please complete both sides – Thank You

STUDENT INFORMATION	Strongly Agree		Strongly Disagree		NA	
	5	4	3	2		1
1. I actively participated in the course.	5	4	3	2	1	na
2. My projects/assignments were completed and on time.	5	4	3	2	1	na
3. I maintained regular and punctual attendance.	5	4	3	2	1	na
4. The group dynamic among the students of the class was positive for learning.	5	4	3	2	1	na

work sheets...

How much time between sessions did you spend preparing for this course? lots, but it's my hobby.

What did you accomplish in this course? Confidence and Creativity... I need at least a page to elaborate

How did you find out about Continuing Studies Courses & Programs? (Please circle)

- Word of mouth Ads in local papers / online Course calendar was mailed to my home
- Visit to campus Emily Carr Web site Information at my school
- Other (please specify) _____

Registration

By what method did you register? (circle one) Phone Mail In Person Fax Web Registration

How did you find the Registration process? Not too bad.

Continuing Studies develops courses and programs based on community needs and student responses. Information from you assists us in planning those courses and programs.

Is this your first course in Continuing Studies at Emily Carr? (1 of 2 simultaneous) Yes ___ No

Will you take further courses through Continuing Studies at Emily Carr? Yes ___ No

Why / Why not? Fun, interesting people, Worth the \$.

What aspect(s) of this course interested you most?
hardware: just knowing what's out there..

What aspect(s) of this course would you like to see expanded into a separate course?
Programming / Hardware / Mechanics (robotics!)

What other courses, not currently offered, would you be interested in taking through Continuing Studies?
Robotics. Programming → hardware + firmware.

Additional Comments:
Great course, excellent hands-on experience. I sincerely hope I can take creative electronics: intermediate/advanced in the future.

Student evaluations of courses, faculty, and facilities are helpful to the faculty, administration and students in ensuring the quality of the courses and programs as they relate to the goals of the University.

Student responses will remain anonymous. Your name does not appear on the form. Responses will be made available to faculty.

For each point please circle the number that most closely reflects how the course and the instructor's input contributed to your learning experience. If a question is not applicable to the course, circle NA. Thank you for your participation.

Registration

By what method did you register? (circle one) Phone Mail In Person Fax Web Registration

How did you find the Registration process? fair

Continuing Studies develops courses and programs based on community needs and student responses. Information from you assists us in planning those courses and programs.

Is this your first course in Continuing Studies at Emily Carr? Yes No

Will you take further courses through Continuing Studies at Emily Carr? Yes No

Why / Why not? _____

What aspect(s) of this course interested you most?
hands on mixed with theoretical

What aspect(s) of this course would you like to see expanded into a separate course?
sevo / matrix maybe

What other courses, not currently offered, would you be interested in taking through Continuing Studies?
Digital media courses

Additional Comments:

Student evaluations of courses, faculty, and facilities are helpful to the faculty, administration and students in ensuring the quality of the courses and programs as they relate to the goals of the University.

Student responses will remain anonymous. Your name does not appear on the form. Responses will be made available to faculty.

For each point please circle the number that most closely reflects how the course and the instructor's input contributed to your learning experience. If a question is not applicable to the course, circle NA. Thank you for your participation.

Instructor Name: <i>Morgan Ronscher</i>	Course Name: <i>CEID 222</i>
Course Number: <i>creative electronics 4</i>	Section: <i>001</i> Semester: Spring Summer Fall

COURSE EVALUATION

Strongly Agree ◀ ▶ Strongly Disagree NA

1. The course content was consistent with the course outline.	5	4	3	2	1	na
2. The course was well organized.	5	4	3	2	1	na
3. The practical and theoretical components were well integrated.	5	4	3	2	1	na
4. The material and discussions were relevant to the course objectives/ learning outcomes.	5	4	3	2	1	na
5. The bases for assessment in the course were clearly described.	5	4	3	2	1	na
6. Sufficient time was allocated to understand the concepts and complete the assignments and/or projects.	5	4	3	2	1	na
7. The workload was manageable.	5	4	3	2	1	na
8. The concepts covered were challenging.	5	4	3	2	1	na
9. The course stimulated my interest in the subject area.	5	4	3	2	1	na
10. I can see ways that content learned in this course will be useful for me.	5	4	3	2	1	na
11. Availability and helpfulness of the support staff in the studios, workshops or labs supported my learning in this course.	5	4	3	2	1	na

How did you find the Registration process?

Continuing Studies develops courses and programs based on community needs and student responses. Information from you assists us in planning those courses and programs.

Is this your first course in Continuing Studies at Emily Carr? X Yes ___ No

Will you take further courses through Continuing Studies at Emily Carr? X Yes ___ No

Why / Why not? _____

What aspect(s) of this course interested you most?
the opportunity to work on a creative electronics project with help & guidance + supervision.

What aspect(s) of this course would you like to see expanded into a separate course?
LEDS galvo!

What other courses, not currently offered, would you be interested in taking through Continuing Studies?

Additional Comments:

The hands-on aspect of the course should start the first week (regardless of whether the students request lectures on electromagnetism). Maybe bread boards and LEDs should be req'd materials for the first class. A presentation of cool creative electronics projects should precede brainstorming and presenting project ideas (since some students are brand new to hackery).

Morgan is the coolest!!
 Please complete both sides – Thank You
